

# Nanotec meets the Department of Medico-surgical Sciences and Biotechnologies of “La Sapienza”

**h 09:30 - Opening**

**Giuseppe Gigli**

Direttore Cnr Nanotec, Coordinatore 'TecnoMed Puglia'

**h 09:45/10:10**

Focus on DSBMC Research and Clinics - **Antonella Calogero**

Head of DSBMC, Head of Clinical and Molecular Pathology division – “La Sapienza” Roma

**h 10:10/10:35**

Plasmonic nanoparticles: from high precision medicine to biodefence – **Luciano De Sio**

Department DSBMC - “La Sapienza” Roma

**h 10:35/11:00**

Advanced Laparoscopic and Robotic surgery in Urology: from clinical application to biomedical and technological research - **Antonio Carbone**

Head of Urology division, DSBMC – “La Sapienza”, Roma

**h 11:00/11:15**

Organ-on-a-chip models towards innovative precision medicine approaches – **Lorenzo Moroni**

Vice-Director MERLN Institute for Technology-Inspired Regenerative Medicine – Maastricht; Cnr Nanotec Lecce

**h 11:15/11:30**

Advanced Imaging for precision medicine – **Alessia Cedola**

Cnr Nanotec Roma

**h 11:30/11:45**

Nanovectors for molecular therapy – **Ilaria Palamà**

Cnr Nanotec Lecce

**h 11:45/12:00**

Biosensing platform for Ultra-High sensibility - **Adriana Passaseo**

Cnr Nanotec Lecce

*e-meeting*

**Lecce, 30 settembre 2020**

Scientific Secretariat:

**Gabriella Zammillo** - Cnr Nanotec Lecce
